SPOKEN OPENING SCRIPT

"Good morning / afternoon, CA Kavitha. Thank you very much for taking time out of your busy schedule today.

Based on the firm profile and credentials you shared, our team has designed and built a working website prototype for Kavitha & Associates.

The site is designed around your visiting-card identity—dignified forest green, warm white, and muted gold—and is specifically tailored to present your dual FCA and CMA qualifications with the institutional dignity required under ICAI standards.

Today, I'd like to walk you through the live demo on my screen, gather your direct feedback on the layout and services, confirm a

> few practical office details, and agree on our launch plan. Does that sound good?"

2.2 Recommended Demonstration Order & Screen Flow

- **Step 2: Audit & Assurance Spotlight (/services/audit-assurance)** Walk through the 9 statutory audit specializations with explicit statutory references (Companies Act 2013, Income Tax 44AB, Banking norms). Demonstrates rigorous corporate depth.

- **Step 6: Contact & WhatsApp Consultation Desk (/contact)** Test live click-to-call links (+91 96263 50900 / 95421 53906), email link, and the interactive WhatsApp form that pre-compiles user details into a secure direct message.
- **Step 7: Mobile Viewport Demonstration** Switch to smartphone resolution to demonstrate responsive touch-friendly navigation, mobile drawer menu, and clean single-column readability.

3. Commercial Proposal & Transparent Pricing

The commercial proposal is structured into distinct, transparent components without hidden recurring fees or hosting markups:

Package / Service Tier	Proposed Price	Commercial Inclusions & Scope Summary
Package 1: Professional Business Website (Full 7-page custom responsive application)	**₹5,000** **(One-time)**	Complete bespoke website, mobile layout, 7 pages + 404, partner bio, 9 audit streams, 5 service domains, click-to-call, WhatsApp desk, on-page SEO, sitemap/robots, cloud setup, 1 revision round.
Package 2 (Optional Add-on): Google Business Profile (Google Maps & Local Search Optimization)	**₹3,000** **(One-time)**	Assistance claiming/creating profile, accurate NAP and category entry (Chartered Accountant / Tax Consultant), office hours, photo upload, service corridor configuration, local discovery checklist.
Third-Party Costs: Domain Registration (Direct registrar purchase: .com or .in)	**At Cost** **(~₹800 - ₹1,200/yr)**	Purchased directly from registrar (Namecheap, Cloudflare, GoDaddy). Client retains 100% legal ownership and control.
Third-Party Costs: Web Hosting (Modern high-speed static cloud networks)	**Typically ₹0** **(Free Tier)**	Hosted on Netlify / Cloudflare Pages. Zero hosting fees for standard CA practice traffic. Custom server billed at cost if requested.
COMBINED OPTION A: Website Only	**₹5,000 + Domain**	**Full website development package plus direct domain registration cost (~₹800 - ₹1,200/yr).**
COMBINED OPTION B: Website + Google Setup	**₹8,000 + Domain**	**Full website package + complete Google Business Profile setup plus direct domain registration cost.**

CRITICAL COMMERCIAL PRINCIPLES

1. Proposed Prices, Not Assumptions: The ₹5,000 and ₹8,000 figures are proposed package fees for client review, not pre-confirmed charges. Space is provided in Section 6 to record the client's final selection.
2. Google Setup is 100% Optional: Never suggest that the client must purchase the ₹3,000 Google profile setup. Present it purely as a high-value optional service.
3. No Ongoing SEO or Maintenance Included: The packages include initial launch SEO and one revision round. Ongoing monthly SEO or unlimited maintenance is not included and requires a separate agreement if requested.

4. Concise Spoken Pricing Script (Non-Pushy & Conversational)

Deliver this natural explanation during Section 5 of the meeting:

VERBATIM SPOKEN PRICING EXPLANATION

"Regarding the investment for this project, we have kept it simple, transparent, and structured into two clear components:

First, the complete website package is a one-time fee of ₹5,000. That covers the complete design and development of all seven pages you just saw, full mobile responsiveness, the direct WhatsApp inquiry system, search engine setup, and deploying the site to a fast, reliable cloud host. It also includes a round of revisions so we can update any text, addresses, or photos you provide.

Second, we offer an optional setup service for your Google Business Profile on Google Maps for an additional ₹3,000. If you choose this, we handle the entire setup: configuring your exact Tirupati location, entering your services correctly under Chartered Accountant and Tax Consultant categories, linking your website, and setting up your regional service areas. Because Google independently controls their verification and ranking algorithms, no honest consultant can promise an automatic '#1 ranking,' but we ensure your profile is completely optimized according to Google’s best practices.

The only separate cost is your domain name—such as kavithaassociates.com—which typically costs around ₹800 to ₹1,200 a year paid directly to the registrar. That ensures you retain 100% ownership and control over your web address. Hosting on our modern cloud platform is typically ₹0 for normal practice traffic.

If you'd like us to handle just the website, your total investment is ₹5,000 plus the domain. If you'd like us to set up your Google profile as well, it's ₹8,000 plus the domain. The Google setup is entirely optional—you are very welcome to start with just the website today if you prefer.

How does that scope and structure feel to you?"

5. Client Question Checklist & Priority Filter

Do not overwhelm the client by reading every question at once. Use this list to guide natural discussion, ensuring the five essential launch blockers are resolved first.

THE 5 ESSENTIAL QUESTIONS (MUST CONFIRM BEFORE PUBLIC LAUNCH)

4. [CRITICAL 4] Preferred Domain Name & Ownership: Which domain do you prefer (kavithaassociates.com, cakavithasrj.com, kavithaassociates.in), and do you already own it or need assistance registering it today?

10. Professional Regulatory & ICAI Compliance Note

Kavitha & Associates operates under the statutory oversight of the Institute of Chartered Accountants of India (ICAI) and the Chartered Accountants Act, 1949.

ICAI CODE OF ETHICS & WEBSITE GUIDELINE SAFEGUARDS

1. The 'Pull' Access Principle: ICAI guidelines mandate that CA firm websites operate strictly on a pull basis. Information is accessible only to visitors who intentionally navigate to the website. The demo strictly excludes push popups, intrusive newsletter captures, automated chat prompts, or commercial banner ads.

2. Prohibition on Superlatives (Clause 6 & 7, Part I, First Schedule): Claims such as 'Best CA in Tirupati', 'Top Accounting Firm', or 'Lowest Fee Guaranteed' constitute professional misconduct. All website copy has been audited to ensure purely factual, dignified language.

3. Zero Fee Advertising or Rate Cards: In compliance with statutory prohibitions against soliciting professional work through fee competition, no prices, fees, or discounts appear anywhere on the website.

4. No Client Logos or Testimonials: To prevent direct or indirect solicitation, no client names, corporate logos, or client testimonials are published.

5. Section 27 Branch Office Compliance: Section 27 requires that every branch office of a CA firm be in separate charge of an ICAI member. The website deliberately classifies Chennai, Bengaluru, Hyderabad, and Coimbatore as 'Regional Client Coverage Corridors' rather than registered branches to ensure strict regulatory compliance.

6. Mandatory Compliance Disclaimer: While the development team has executed rigorous technical audits, automated tools cannot substitute for official statutory review. CA KavithaVijay SRJ is requested to perform a final compliance review of all copy and disclosures prior to authorizing live deployment.

11. Consultant's Quick Pre-Meeting Cheat Sheet

Keep these core reference points at hand when leading the client discussion:

MEETING CHEAT SHEET — 5 KEY REMINDERS

1. The Core Elevator Message: "We built a working, elegant, mobile-friendly website that respects your professional dignity as an FCA and CMA, avoids cheap marketing gimmicks, and makes it effortless for business clients to reach your desk."

2. The Demo Path: Home hero -> 9 Audit specializations -> 5 Practice domains -> About partner -> Regional reach -> Contact/WhatsApp desk.

3. The Commercial Proposition: Website is ₹5,000 one-time. Google Business Profile setup is an optional ₹3,000 one-time. Domain is paid at cost (~₹800-₹1,200/yr). Never push the Google add-on.

4. The Security Rule: Never ask for or record passwords. All access is via official manager invitations or screenshare.

5. The 5 Must-Confirm Launch Blockers: (1) Exact Tirupati address & PIN, (2) FRN/MRN footer display permission, (3) 4-city corridor status, (4) Domain selection, (5) Commercial package selection & target launch date.
